We **partially approve** the application above under section 45 of the *Liquor Act 2007* to licence the ground floor of the premises only, with a minors' area authorisation – with the conditions set out in Schedule 1. The 6-hour closure period overrides any condition of the licence.

Approved manager or individual licensee

The licence cannot be exercised until the Authority or Liquor & Gaming NSW is notified that:

- the licence is transferred to an individual licensee, or an approved manager is appointed; and
- the licensee or approved manager is a suitable and qualified person.

Statement of reasons

We are satisfied that the overall impact of approving the application will not be detrimental to the well-being of the local or broader community. However, we are not satisfied that the licence should extend to the accommodation floors as it is not proposed that alcohol sales will occur in these areas.

Our main findings

The local community for the purposes of this decision is Wentworthville. The broader community is the Local Government Area (LGA) of Cumberland.

Positive social impacts

The application seeks to operate a new hotel with a minors' area authorisation in a new multi-storey building incorporating a tavern area on the ground floor and motel style rooms over three levels providing short-term accommodation.

We are satisfied that the proposal would benefit the local and broader communities by providing increased convenience and choice.

Negative social impacts

We note the objections from local residents and accept that the proposal could contribute to an increase in alcohol-related harm in the local and broader communities because of the:

- premises location within a medium density hotspot for incidents of domestic violence particularly having regard to the association between the consumption of alcohol and domestic violence
- premises location within a low-density hotspot for malicious damage to property
- the premises being located near a large club and a number of takeaway liquor outlets

However, we are satisfied that these risks are somewhat reduced by the:

- absence of any other hotel licenses operating within the suburb of Wentworthville
- low rates of alcohol-related crimes in the suburb across all categories we considered when compared to NSW
- harm-minimisation measures outlined in the plan of management and licence conditions, as set out in Schedule 1.

The material we considered

We considered the following material when making our decision:

- the application material — including evidence that stakeholders and the community were notified about the application
- a community impact statement (CIS)

- the plan of the licensed premises and any authorisations
- a plan of management for the licensed business
- a development consent for the premises
- statistics from Liquor & Gaming NSW, Bureau of Crime Statistics and Research, NSW Health and Australian Bureau of Statistics on the socio-economic status, liquor licence density, alcohol-related crimes rates and health issues in the local and broader communities
- stakeholder submissions and the applicant's response to them.

We also considered Guideline 6 to assess the likely social impact to the local and broader community.

This decision will be published in accordance with section 36C of the *Gaming and Liquor Administration Act 2007*.

The applicant and anyone who was notified of the application and made a submission, may apply to NCAT for a review of the decision.
