## Decision of the Independent Liquor & Gaming Authority Application for a new packaged liquor licence – Croydon Park Cellars

We **approve** the application above under section 45 of the *Liquor Act 2007* – with the conditions set out in Schedule 1. The 6-hour closure period overrides any condition of the licence.

### Statement of reasons

We are satisfied that the overall impact of approving the application will not be detrimental to the well-being of the local or broader community.

### Our main findings

The local community for the purposes of this decision is Croydon. The broader community is the Local Government Area (LGA) of Canterbury-Bankstown.

### *Positive social impacts*

The Authority noted the application sought to operate a standalone packaged liquor licence with same-day delivery forming part of the business model in the future.

We are satisfied that the proposal would benefit the local and broader communities by providing increased convenience and choice.

### *Negative social impacts*

We accept that the proposal could contribute to an increase in alcohol-related harm in the local and broader communities because of the:

- high density crime hotspots in the suburb for domestic assault and malicious damage to property
- possibility of same-day delivery of liquor forming part of the business model in the future.

However, we are satisfied that these risk factors are reduced by the:

- proposed premises being the only packaged liquor licence in the suburb
- low density crime hotspots in the suburb for non-domestic assault and alcohol-related assault
- crime rates in the suburb and LGA for all offences we considered being lower than the NSW average
- rates of alcohol-attributable hospitalisations and alcohol-attributable deaths in the LGA being lower than the NSW average
- Socio-Economic Indexes for Areas (SEIFA) data indicating an above average level of socio-economic advantage and disadvantage in the suburb compared to other communities in NSW
- harm-minimisation measures outlined in the plan of management and licence conditions, as set out in Schedule 1.

### **The material we considered**

We considered the following material when making our decision:

- the application material — including evidence that stakeholders and the community were notified about the application
- a Statement of Risks and Potential Effects
- the plan of the licensed premises and any authorisations
- a plan of management for the licensed business
- a development consent for the premises
- statistics from Liquor & Gaming NSW, Bureau of Crime Statistics and Research, NSW Health and Australian Bureau of Statistics on the socio-economic status, liquor licence density, alcohol-related crimes rates and health issues in the local and broader communities
- stakeholder submissions and the applicant's response to them.

We also considered [Guideline 6](#) to assess the likely social impact to the local and broader community.

This decision will be published in accordance with section 36C of the *Gaming and Liquor Administration Act 2007*.

**Opportunity for review**

The applicant and anyone who was notified of the application and made a submission, may apply to [NCAT](#) for a review of the decision.

An application for review must be made no later 28 days after the decision is published on the website. There is a fee to lodge the application.
