**Decision of the Independent Liquor & Gaming Authority  
Application for a new hotel (full) licence with MAA and ETA – Capella Sydney**

We **approve** the application under section 45 of the *Liquor Act 2007* (the Act) with the conditions set out in Schedule 1. Preliminary advice of this decision was provided on 20 January 2023.

**Statement of reasons**

Overall, we are satisfied that the social impact of approving the application will not be detrimental to the well-being of the local or broader community.

## Our findings

### Procedural and trading hour requirements

We are satisfied that:

- the application is valid and meets the Liquor Act's requirements for procedural fairness and the proposed trading hours for the premises meet the requirements under sections 11A, 12 and 14 of the Liquor Act in respect of trading and 6-hour closure periods
- the Community Impact Statement (CIS) meets the relevant requirements.

### 'Fit and proper person'

The applicant is a 'fit and proper person' to operate the business to which the proposed licence relates.

### Responsible service of alcohol

Procedures for the responsible service of alcohol will be in place at the premises from the start of licensed trading, under the plan of management and the conditions on the licence.

### Development consent requirements

The Department of Planning, Industry and Environment approved the development application Ref: SSD 7484 for the premises on 22 February 2022.

### Community impact

#### *Local and broader communities*

The relevant 'local community' is the suburb of Sydney and the relevant 'broader community' comprises the Local Government Area (LGA) of Sydney.

#### *Diversity and density of licensed outlets*

L&GNSW Liquor & Gaming LiveData Report for Sydney shows:

- there are 768 authorised liquor licenses, of which 699 are authorised to sell on premises liquor. This includes 19 club licences, 105 hotel (full) licences, 8 hotel (general bar) licences, 528 on-premises licences and 39 small bar licences
- saturation of club, hotel (full and general bar), on-premises and small bar licences in the Sydney CBD is higher compared to both the Sydney LGA and all of NSW.

#### *Crime data (annual rate per 100,000 residents)*

BOCSAR data shows that in the year to June 2022:

- The premises were located in a high-density hotspot for alcohol-related assault, non-domestic assault and malicious damage to property and in a low-density hotspot for alcohol related domestic assault.
- Incident rates of all crime categories usually considered by us were higher in the suburb than in the Sydney LGA and all of NSW.

#### *Alcohol-related health data (per 100,000 residents)*

HealthStats NSW data showed that:

- alcohol-related deaths were slightly lower in the LGA compared to all of NSW
- alcohol-related hospitalisations were higher in the LGA compared to all of NSW

#### *ABS Socio-Economic Index for Areas (SEIFA)*

The suburb and LGA of Sydney were ranked as relatively advantaged in terms of household income and residents in skilled occupations compared to other suburbs and LGAs in NSW.

## Business model

We note that the proposed business model involves a new full hotel licence with a MAA and ETA across 2 buildings in the Sydney CBD. The primary purpose will be the retail sale of liquor on the licensed premises for consumption on and away from the licensed premises.

## Benefits proposed by applicant

The applicant proposes the following benefits:

- the premises will be transforming the heritage-listed former NSW Government Education Building and Lands Building in the Sandstone Precinct into a full-service world-class luxury hotel
- providing increased choice and convenience for the growing working and resident population in the northern section of the CBD
- the proposed premises will meet the needs, demands and expectations of visitors to Sydney City
- experienced operator of the premises that caters for a more affluent clientele and promotes and boosts tourism
- increased employment opportunities

## Stakeholder submissions

We considered the submissions from:

- NSW Police Force dated 10 August 2022, which notes concerns about the high saturation of licensed premises in the area and the potential increase of alcohol-related harm; with a recommendation to impose additional conditions on the licence.
- Local Council, dated 13 July 2022, raised no objections
- L&GNSW Compliance dated 12 and 17 August 2022, which notes concerns about the proposed ETA and the increased risk of violence and alcohol-related harm, with a recommendation to impose additional conditions on the licence.
- Transport for NSW, dated 22 March 2022, requesting the applicant to ensure patrons have access to educational material on transport options, preventing drink-driving and pedestrian safety.
- Department of Communities and Justice, dated 13 July 2022, raised no objections
- Four members of the public and a petition with 52 signatures were received, objecting to proposal and raising concerns about the potential increase in noise disturbances, traffic and antisocial behaviour in the area.

We also considered the Applicant's submission in response, to these submissions, which notes the following:

- the applicant consented to the majority of recommended conditions with the exception of the 'no glass after midnight' condition
- the premises will be operated in accordance with a plan of management and several measures are in place to mitigate any potential noise disturbances
- extended trading would only apply to the ground floor area of the Education Building.

## Findings of concern

The Suburb and LGA have a higher license density than the state average and the proposed premises will be located in a high-density crime hotspot for alcohol-related domestic and non-domestic assault and malicious damage to property. There is a risk that if the licence was granted,

liquor sold at the premises will contribute to an increase in alcohol-related crime, health and other social and amenity issues in the local and broader communities.

We are satisfied that the risks are mitigated by the:

- fact that there are no gaming machines operated at the hotel
- Pontiac Land Group and affiliates being an experienced and well-established operator
- indication of an above average level of relative socio-economic advantage in the suburb and LGA.
