**Decision of the Independent Liquor & Gaming Authority
Application for a new packaged liquor licence – Krinklewood Estate Pty Ltd**

We **approve** the application above under section 45 of the *Liquor Act 2007* — with the conditions set out in Schedule 1.

Trading on a Sunday that falls on 24 December

If a Sunday falls on 24 December, the premises must not trade earlier than 10:00 am.

Statement of reasons

Overall, we are satisfied that the social impact of approving the application will not be harmful to the well-being of the local or broader community.

The decision achieves the aim of the Act to regulate the liquor industry to meet the community's expectations, needs, and aspirations, while also promoting a balanced and responsible development of the industry.

Our main findings

The local community for the purposes of this decision is Broke. The broader community is the Local Government Area (LGA) of Singleton.

Positive social impacts

We are satisfied that the proposal would benefit the local and broader communities by providing increased convenience and choice.

The liquor proposed to be sold will be of a boutique nature, primarily wine, and biodynamic or organic liquor produced in the Krinklewood Vineyard.

Negative social impacts

We accept that the proposal could contribute to an increase in alcohol-related harm in the local and broader communities in an area with higher crime rates in the LGA compared to NSW for incidents of alcohol-related domestic assault, alcohol-related non-domestic assault, and malicious damage.

We note that the business model will also offer a delivery service (not same day) and accept that the proposal may also contribute to alcohol-related harm in other areas of the State.

However we are satisfied that these risks are reduced by the:

- fact that there are no crime density hotspots in the suburb for alcohol related domestic and non-domestic assault
- the fact that there is only one other packaged liquor licence operating in the suburb
- harm-minimisation measures outlined in the plan of management and licence conditions, as set out in Schedule 1.

In addition we recognise that Broke forms part of the extensive wine producing area in the Hunter region which is an important contributor to the NSW economy.

The material we considered

We considered the following material when making our decision:

- the application material — including evidence that stakeholders and the community were notified about the application
- a community impact statement (CIS)
- the plan of the licensed premises and any authorisations
- a plan of management for the licensed business
- a development consent for the premises
- statistics from Liquor & Gaming NSW, Bureau of Crime Statistics and Research, NSW Health and Australian Bureau of Statistics on the socio-economic status, liquor licence density, alcohol-related crimes rates and health issues in the local and broader communities
- stakeholder submissions and the applicant's response them.

We also considered [Guideline 6](#) to assess the likely social impact to the local and broader community.

This decision will be published on the [Liquor & Gaming NSW website](#) in accordance with section 36C of the *Gaming and Liquor Administration Act 2007*.
