**Decision of the Independent Liquor & Gaming Authority
Application for a packaged liquor licence – Red Bottle Beaconsfield**

The Independent Liquor & Gaming Authority considered the application above, and decided on 19 August 2022 to **approve** the application under section 45 of the *Liquor Act 2007*, subject to imposing conditions as set out in Schedule 1.

Trading on a Sunday that falls on 24 December

In the case of any Sunday that falls on 24 December, the 6-hour closure period overrides the statutory provision that would otherwise allow the licence to trade from 8:00 am. In accordance with the 6-hour closure period for the current licence, the Premises must not trade earlier than 10:00 am.

Approved manager or individual licensee

The licence cannot be exercised unless and until the Authority or Liquor & Gaming NSW has been notified of the appointment of an approved manager to the licence, or the licence has been transferred to an individual licensee.

Concise statement of reasons

A concise statement of reasons for this decision is attached at the end of this letter.

In the interest of efficient finalisation of determined matters in a high-volume liquor and gaming jurisdiction, the Authority will only produce a detailed statement of reasons for applications which are refused, partially approved or the subject of stakeholder objections.

A concise statement of reasons is produced for non-contested applications that have been approved by the Authority, in cases where a statement of reasons is required to be published for the application under section 36C of the *Gaming and Liquor Administration Act 2007*.

The concise statement of reasons briefly sets out the material considered by the Authority, the legislative requirements, and the Authority's key findings.

If you have any questions, please contact the case manager at leonie.jennings@liquorandgaming.nsw.gov.au.

Yours faithfully

Decision date	19 August 2022

Material considered by the Authority

The Authority has considered the following material in determining the application:

- application material, including evidence of notification to specified stakeholders and the community about the application
- category B community impact statement
- premises plan setting out the proposed boundaries of the licensed premises and any applicable authorisations
- plan of management for the licensed business at the premises
- development consent for the premises
- statistics sourced from Liquor & Gaming NSW, Bureau of Crime Statistics and Research, NSW Health and Australian Bureau of Statistics in respect of the socio-economic status, liquor licence density, alcohol-related crimes rates, and health issues in the relevant local and broader communities
- submissions from NSW Police Force, L&GNSW Compliance, City of Sydney Council, Transport for NSW and three members of the public in relation to the application
- the applicant's response to the stakeholder submissions.

Legislative requirements

The Authority has considered the application in the context of the following sections of the *Liquor Act 2007*, and the associated clauses of the Liquor Regulation 2018:

- Section 3: Statutory objects of the Act and relevant considerations.
- Sections 11A and 12: Standard trading period for liquor licences and a mandatory 6-hour period during which liquor cannot be sold.
- Sections 29-31: Specific provisions in respect of a packaged liquor licence.
- Section 40: Minimum procedural requirements for a liquor licence application to be validly made.
- Section 44: Submissions to Authority in relation to licence applications.
- Section 45: Criteria for granting a liquor licence.
- Section 48: Requirements in respect of a CIS, including a requirement that the Authority must not approve the application unless it is satisfied, having regard to the CIS and other available information, that the overall social impact of doing so will not be detrimental to the well-being of the local or broader community.

The Authority has also had regard to its Guideline 6 in considering the overall social impact of approving the application pursuant to section 48 of the Act.

Key findings

In accordance with its Guideline 6, the Authority finds that the relevant local community for the purposes of this decision is the suburb of Beaconsfield, and the broader community is the Local Government Area of Sydney.

Positive social impacts

The Authority is satisfied on the material before it that the proposal set out in the application, if approved, would likely benefit the local and broader communities through the provision of increased convenience and choice.

The Authority notes the applicant's contention that the premises will deliver a measure of convenience to existing and future residents who will not have to travel further afield to purchase liquor products.

Negative social impacts

The Authority accepts that the proposal may, over time, contribute to an increase in alcohol-related harm in the local and broader communities, including alcohol-fuelled violence, health problems and social and amenity issues, having regard to the:

- lengthy licensed trading hours
- higher than average liquor licence density in the local and broader community
- presence of crime hotspots in the local community
- higher than average crime rates in the broader community
- higher than average level of alcohol-attributable hospitalisations in the broader community
- objections from three members of the local community concerned about potential negative impacts on the local amenity including noise, disturbance and traffic congestion

The Authority is nevertheless satisfied that these risk factors are sufficiently mitigated by the following:

- relatively small size of the area in which liquor will be sold or supplied
- absence of any objections from agency stakeholders
- experience of the applicant as an operator of multiple licensed premises with sound compliance records
- the harm minimisation measures set out in the plan of management and licence conditions as set out in Schedule 1.

Overall social impacts and conclusion

Having considered the positive and negative social impacts that are likely to flow from the applicant's proposal, the Authority is satisfied that the overall social impact of approving the application will not be detrimental to the well-being of the local or broader community.

The Authority is also satisfied that the other legislative requirements for the approval of the application have been met.

The Authority finds, having regard to the above, that approving the application is consistent with the statutory objects and considerations of the Act to regulate the liquor industry in line with the community's expectations, needs and aspirations, and facilitate the balanced and responsible development of the liquor industry and related industries.

Accordingly, the Authority approves the application under section 45 of the Act.
