STATEMENT OF REASONS

DECISION

1. On 24 May 2021, Steven Chambers Pty Ltd (“Applicant”) lodged with Liquor & Gaming NSW (“L&GNSW”), for determination by the Independent Liquor & Gaming Authority (“Authority”), an application (“Application”) for a packaged liquor licence (“Licence”) for the premises at 787 Military Road, Mosman (“Premises”).
2. The Authority considered the Application at its meeting on 11 August 2021 and decided to grant the Licence under section 45 of the *Liquor Act 2007* (“Act”).
3. In reaching this decision, the Authority has had regard to the relevant material before it and the legislative requirements under the Act and the Liquor Regulation 2018.
4. A preliminary notification of this decision was sent to the Applicant on 18 August 2021, together with the licence document for the Premises.

MATERIAL CONSIDERED BY THE AUTHORITY

5. The Authority has considered the Application, the accompanying community impact statement (“CIS”), and all submissions received in relation to the Application.
6. The Authority is satisfied that procedural fairness was afforded to the Applicant and interested parties regarding this decision, as all parties required to be notified of the Application were provided with the opportunity to make submissions.
7. In accordance with its *Guideline 6*, the Authority has also had regard to relevant L&GNSW liquor licensing records and data published by Bureau of Crime Statistics and Research (“BOCSAR”), NSW Department of Health, and Australian Bureau of Statistics (“ABS”).
8. A list of the material considered by the Authority is set out in Schedule 2.

LEGISLATIVE FRAMEWORK

9. The Authority has considered the application in the context of the following sections of the *Liquor Act 2007*, and the associated clauses of the Liquor Regulation 2018:
 - a) Section 3: Statutory objects of the Act and relevant considerations.
 - b) Sections 11A and 12: Standard trading period for liquor licences and a mandatory 6-hour period during which liquor cannot be sold.
 - c) Sections 29-31: Specific provisions in respect of a packaged liquor licence.
 - d) Section 40: Minimum procedural requirements for a liquor licence application to be validly made.
 - e) Section 44: Submissions to Authority in relation to licence applications.
 - f) Section 45: Criteria for granting a liquor licence.
 - g) Section 48: Requirements in respect of a CIS, including a requirement that the Authority must not approve the application unless it is satisfied, having regard to the CIS and other available information, that the overall social impact of doing so will not be detrimental to the well-being of the local or broader community.
10. An extract of these sections is set out in Schedule 3.
11. The Authority has also had regard to its *Guideline 6* in considering the overall social impact of approving the application pursuant to section 48 of the Act.

KEY FINDINGS

12. Having regard to the information before it and relevant legislative requirements, the Authority makes the following findings in relation to the Application.

Validity, procedural and trading hour requirements

13. The Authority is satisfied on the material before it that:

- a) the Application has been validly made and meets the procedural and trading period requirements under sections 11A, 12 and 40 of the Act,
- b) if the Licence were to be granted, liquor would be sold in accordance with the authorisation conferred by the Licence as required by section 29 of the Act, and
- c) sections 30 and 31 of the Act do not apply to the Application, as the Premises is not intended to operate as is contemplated by the sections.

14. Pursuant to section 48 of the Act, the Authority finds that the CIS submitted with the Application was prepared in accordance with the relevant requirements.

Fit and proper person, responsible service of alcohol, and development consent requirements

15. Pursuant to section 45 of the Act, the Authority is also satisfied that:

- a) the Applicant is a fit and proper person to carry on the business to which the proposed licence relates, given that no concerns regarding the Applicant's probity were raised upon consultation with relevant law enforcement agencies,
- b) practices would be in place from the commencement of licensed trading at the Premises to facilitate the responsible serving of alcohol, having regard to the plan of management documentation for the Premises and the conditions to be imposed on the licence, and
- c) the requisite development consent is in force, based on the modification of development consent in respect of the Premises, issued by Mosman Council on 29 April 2021.

Community impact

Local and broader communities

16. For the purpose of this decision and consistent with its position in *Guideline 6*, the Authority is satisfied that the relevant "local community" is the community within the suburb of Mosman, and the relevant "broader community" comprises the Local Government Area ("LGA") of Mosman LGA.

Licence density

17. The Authority notes that, compared to the NSW state average:

- a) Mosman suburb and Mosman LGA have a higher saturation of packaged liquor licences
- b) Mosman suburb has a lower saturation of licences authorised to sell packaged liquor (this includes packaged liquor, club and hotel licences)
- c) Mosman LGA has a higher saturation of licences authorised to sell packaged liquor (this includes packaged liquor, club and hotel licences)
- d) Mosman suburb and Mosman LGA have a higher clustering of packaged liquor licences
- e) Mosman suburb and Mosman LGA have a lower clustering of licences authorised to sell packaged liquor (this includes packaged liquor, club and hotel licences).

Crime data

18. The relevant BOCSAR data indicates that, in the year to December 2020:

- a) the Premises was located within high density hotspots for incidents of malicious damage to property.
- b) the Premises was located in close proximity to hotspots for incidents of alcohol-related domestic assault, in areas that are likely to be serviced by the Licence

- c) Mosman suburb recorded **lower** rates of alcohol-related assault (domestic and non-domestic), alcohol-related offensive conduct and malicious damage to property compared to the NSW state average.
- d) Mosman LGA recorded **lower** rates of alcohol-related assault (domestic and non-domestic), alcohol-related offensive conduct and malicious damage to property, compared to the NSW state average.

Alcohol-related health data

19. The most recent HealthStats NSW data available at the time of the Authority's decision indicates that Mosman LGA recorded a **lower** than average level of alcohol-attributable deaths for the period 2017/2018, and a **higher** than average level of alcohol-attributable hospitalisations for the period 2017/2018-2018/2019.

SEIFA

20. The Authority notes that ABS Socio-Economic Index for Areas ("SEIFA") data as at 2016 indicates that Mosman suburb and Mosman LGA were relatively **advantaged** compared to other suburbs and LGAs in NSW.

Business model

21. The Authority notes that the proposed business model involves the establishment of a small (87 square metres) standalone bottle shop which will be managed by an experienced licensee who also operates 12 other packaged liquor outlets in the state.

Purported benefits

22. The Authority is satisfied on the material before it that the proposal set out in the application, if approved, would likely benefit the local and broader communities through the provision of increased liquor access, choice and convenience.

Stakeholder submissions

23. The Authority has had regard to the submissions from:

- a) **NSW Police Force** (Police), which notes that Police did not identify any adverse findings regarding the Applicant. The Authority notes that Police do not object to the application and recommended conditions to be imposed on the licence
- b) **L&GNSW Compliance**, which did not identify any adverse findings regarding the application
- c) **Mosman Council** (Council), which notes that Council does not object to the Application subject to compliance with the development consent that is in force
- d) **Northern Sydney Local Health District** (Health), which notes that Health objects to the Application on the basis that the overall social impact of the Licence could be detrimental to the surrounding community. The Authority notes the concerns that Health had raised in its submission, in particular:
 - i. outlet density and clustering in the suburb and LGA are higher than the state average
 - ii. alcohol-related health impacts based on elevated alcohol-related hospitalisation data for the LGA
 - iii. the view of Health that according to Healthstats NSW data, residents within the Northern Sydney Local Health District are amongst the highest daily drinkers across the state, and an increase in accessibility of alcohol may also lead to increased alcohol consumption

- iv. the close proximity of the Premises to local schools may increase exposure to alcohol advertising and the risk of secondary supply of alcohol to minors
- v. the suburb is sufficiently serviced by the existing licensed outlets
- e) **three members of the public**, who objected to the Application on the basis that:
 - i. the proposed trading hours are not consistent with the development consent
 - ii. the operation of the premises may increase noise disturbance to the neighbourhood
 - iii. the approval of the Application may lead to an increase in alcohol-related offensive behaviour and harm in the local area

24. The Authority has also had regard to the Applicant's submission in response and notes:

- a) in Mosman LGA, of the 17 packaged liquor licences, eight (8) of them are trading, six (6) of them are online packaged liquor outlets and three (3) of them are not trading
- b) overall outlet clustering in the suburb of Mosman (39.4) is lower compared to NSW (95.3). Outlet clustering of packaged liquor licences in the suburb of Mosman has decreased from 8.2 to 7.6 between June 2019 and June 2021
- c) the Applicant's contention that data for alcohol-attributable hospitalisations by LGA in NSW from Healthstats NSW covers a broad range of hospitalisation and includes more than short term impacts from intoxication
- d) the Applicant's contention that as a small outlet, it is "unlikely that its trade would be drawn from all parts of Mosman. Rather, it would primarily serve those who live near, work or shop along the southern part of Military Road. For those people, the proposed outlet would provide increased choice, introduce competition into the local market and provide convenience"
- e) the Applicant acknowledges that the Premises is in close proximity to the local high school and contends that the Licence would be conducted in the same manner as the other Chambers Cellars outlets
- f) the proposed trading hours are consistent with the hours approved by Council under DA MOD 8.2020.255.2
- g) the potential noise impact of a shop is low as customers are unlikely to stay for extended periods and therefore have a low risk for adverse acoustic impact

Findings of concern

25. Having regard to the relevant statistics and the submissions received, including the Applicant's reply submissions, the Authority finds that:

- a) packaged liquor licence saturation and clustering rates are higher than the NSW state average
- b) alcohol-attributable hospitalisations between 2015 to 2019 are higher in Mosman LGA than the NSW state average
- c) the Premises is located within a high-density hotspot for incidents of malicious damage to property

26. Additionally, the Authority is troubled by the Applicant's contention that the rate for alcohol-attributable hospitalisation in the broader community should not be taken into consideration when determining social impact as it "covers a broad range of hospitalisation and includes more than short term impacts from intoxication". The Authority considers that any health harms associated with alcohol consumption require its consideration as part of a broad assessment of the likely social impact of the Licence.

Mitigating factors

27. The Authority notes that there may be a risk that if the Licence were to be granted, liquor sold from the Premises will, over time, contribute to an increase in alcohol-related crime, health and other social and amenity issues in the local and broader communities.

28. The Authority is nevertheless satisfied that the risk is sufficiently mitigated by the following:

- a) relatively small size of the area in which liquor will be sold or supplied
- b) crime rates in the local and broader communities for all offences normally considered by the Authority remain lower than comparable NSW averages, despite increased licence density
- c) experience of the Applicant as an operator of multiple licensed premises with sound compliance records
- d) only one stakeholder agency has objected to the Application
- e) the harm minimisation measures set out in the plan of management and licence conditions as set out in Schedule 1.

CONCLUSION

29. Having considered the positive and negative social impacts that are likely to flow from granting the Licence, the Authority is satisfied that the overall social impact of granting the Licence would not be detrimental to the well-being of the local and broader communities.

30. The Authority is also satisfied that the other legislative criteria for the granting of the Licence have been met.

31. Accordingly, the Authority has decided to grant the Licence under section 45 of the Act.

- (1) This section applies in relation to:

- (3) Except as provided by subsection (4), the 6-hour closure period for any particular licensed premises is the period that is approved for the time being by the Authority.
- (4) In the case of a licence:
 - (a) granted on or after 30 October 2008 but before the date on which this section (as inserted by the Liquor Legislation Amendment Act 2008) commenced, or
 - (b) granted by the Local Court (as provided by clause 25 of Schedule 1) at any time after the date on which this section commenced,the 6-hour closure period for the licensed premises is, subject to subsection (5), the period from 4 am to 10 am.
- (5) The Authority may at any time, on application by the licensee or by the Secretary or the Commissioner of Police, or on its own initiative, approve of licensed premises having a different 6-hour closure period than:

 - (i) the period from 10 am to 10 pm, or
 - (ii) if the regulations prescribe a shorter period—the period as so prescribed.

- (1A) Despite subsection (1), the **standard trading period** for a small bar is the period from noon to midnight on any day of the week.

Note—

Small bars are subject to the 6-hour closure period under section 11A.

- (1B) Despite subsection (1)(b), the **standard trading period** for premises to which this subsection applies ends at midnight on a Sunday that falls on 24 or 31 December.
- (1C) Subsection (1B) applies to the following premises or part of premises—

 - (c) if a hotel licence, club licence, on-premises licence or producer/wholesaler licence authorises the licensee to sell liquor for consumption away from the licensed premises—any part of the licensed premises to the extent that it is used for that purpose.
- (2) Any regulation that prescribes a shorter period for the purposes of subsection (1) may—
- (a) apply to a specified class of licensed premises, and
 - (b) apply in relation to a specified day or days, and
 - (c) in the case of licensed premises on which liquor may be sold or supplied for consumption on the premises as well as for consumption away from the premises—specify different periods for the sale or supply of liquor for consumption on the premises and for the sale or supply of liquor for consumption away from the premises.
- (3) Without limiting subsection (2)(a), a class of licensed premises may be specified by reference to licensed premises that are located in a particular area (however described).

29 Authorisation conferred by packaged liquor licence

- (1) **Retail sales** A packaged liquor licence authorises the licensee to sell liquor by retail in sealed containers on the licensed premises, for consumption away from the licensed premises only—
- (a) during the standard trading period or such other period as may be authorised by an extended trading authorisation, or
 - (b) in the case of any Sunday that falls on 24 December—from 8 am (or such earlier time as may be authorised by an extended trading authorisation) to midnight on that day.
- (2) **No retail trading on restricted trading days** Despite subsection (1), a packaged liquor licence does not authorise the licensee to sell liquor by retail on a restricted trading day.
- (3) **Selling liquor by wholesale or to employees** A packaged liquor licence also authorises the licensee—
- (a) to sell liquor by wholesale, at any time on the licensed premises, to persons authorised to sell liquor (whether by wholesale or by retail), and
 - (b) to sell or supply liquor, at any time on the licensed premises, to the employees of the licensee or of a related corporation of the licensee.
- (3A) An extended trading authorisation must not authorise the sale of liquor for consumption away from the licensed premises—
- (a) on a Sunday that does not fall on 24 or 31 December—after 11 pm, and
 - (b) on any other day—after midnight.
- (4) **Tastings** A packaged liquor licence also authorises the licensee to sell or supply liquor, on the licensed premises and during the trading hours permitted by subsection (1), otherwise than in sealed containers to customers and intending customers for consumption while on the licensed premises, but only for the purposes of tasting.

30 Liquor sales area required if bottle shop is part of another business activity

- (1) If the primary purpose of the business carried out on the premises to which a packaged liquor licence relates is not the sale of liquor for consumption away from the licensed premises, liquor may only be sold under the licence in an area of the licensed premises (**the liquor sales area**) that is adequately separated from those parts of the premises in which other activities are carried out.
- (2) The principal activity carried out in any such liquor sales area must be the sale or supply of liquor for consumption away from the licensed premises.

31 Restrictions on granting packaged liquor licences

- (1) A packaged liquor licence must not be granted for premises that comprise a general store unless the Authority is satisfied that—
- (a) in the neighbourhood of the premises concerned, no other take-away liquor service is reasonably available to the public, and
 - (b) the grant of the licence would not encourage drink-driving or other liquor-related harm.
- (2) A packaged liquor licence must not be granted for premises comprising a service station or take-away food shop.

(3) In this section—

general store means a convenience store, mixed business shop, corner shop or milk bar that has a retail floor area of not more than 240 square metres and that is used primarily for the retail sale of groceries or associated small items.

service station means premises that are used primarily for the fuelling of motor vehicles involving the sale by retail of petrol, oil or other petroleum products.

- (3) An application for a licence may not be made by:
 - (a) an individual who is under the age of 18 years, or
 - (b) a person who is disqualified from holding a licence or who holds a suspended licence, or
 - (c) an individual who is a controlled member of a declared organisation within the meaning of the Crimes (Criminal Organisations Control) Act 2012.

Note. Controlled members are prohibited from applying for licences—see section 27 of the Crimes (Criminal Organisations Control) Act 2012.

- (4) An application for a licence must:
 - (a) be in the form and manner approved by the Authority, and
 - (b) be accompanied by the fee prescribed by the regulations and such information and particulars as may be prescribed by the regulations, and
 - (c) be advertised in accordance with the regulations, and
 - (d) comply with such other requirements as may be approved by the Authority or prescribed by the regulations.

Note. See also section 48 which requires a community impact statement to be provided with certain licence applications.

- (5) If, before an application for a licence is determined by the Authority, a change occurs in the information provided in, or in connection with, the application (including any information provided in accordance with this subsection), the applicant must immediately notify the Authority of the particulars of the change.

44 Submissions to Authority in relation to licence applications

- (1) Any person may, subject to and in accordance with the regulations, make a submission to the Authority in relation to an application for a licence.
- (2) If any such submission is made to the Authority, the Authority is to take the submission into consideration before deciding whether or not to grant the licence.

45 Decision of Authority in relation to licence applications

- (1) The Authority may, after considering an application for a licence and any submissions received by the Authority in relation to the application, grant the licence or refuse to grant the licence. The Authority may determine the application whether or not the Secretary has provided a report in relation to the application.
- (2) The Authority may, in such circumstances as the Authority considers appropriate, treat an application for a licence as having been withdrawn.
- (3) The Authority must not grant a licence unless the Authority is satisfied that:
 - (a) the applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates, and
 - (b) practices will be in place at the licensed premises as soon as the licence is granted that ensure, as far as reasonably practicable, that liquor is sold, supplied or served responsibly on the premises and that all reasonable steps are taken to prevent intoxication on the premises, and that those practices will remain in place, and
 - (c) if development consent is required under the Environmental Planning and Assessment Act 1979 (or approval under Part 3A or Part 5.1 of that Act is required) to use the premises for the purposes of the business or activity to which the proposed licence relates—that development consent or approval is in force.

Note. Section 48 also requires the Authority to be satisfied of certain other matters before granting a hotel, club or packaged liquor licence.

- (4) The regulations may also provide mandatory or discretionary grounds for refusing the granting of a licence.

- (5) Without limiting subsection (3) (a), a person is not a fit and proper person to carry on the business or activity to which a proposed licence relates if the Authority has reasonable grounds to believe from information provided by the Commissioner of Police in relation to the person:
- (a) that the person:
 - (i) is a member of, or
 - (ii) is a close associate of, or
 - (iii) regularly associates with one or more members of,
 - a declared organisation within the meaning of the Crimes (Criminal Organisations Control) Act 2012, and
 - (b) that the nature and circumstances of the person's relationship with the organisation or its members are such that it could reasonably be inferred that improper conduct that would further the criminal activities of the declared organisation is likely to occur if the person is granted a licence.
- (5A) Without limiting subsection (3) (a), in determining whether an applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates, the Authority is to consider whether the applicant:
- (a) is of good repute, having regard to character, honesty and integrity, and
 - (b) is competent to carry on that business or activity.
- (6) The Authority is not, under this or any other Act or law, required to give any reasons for not granting a licence because of subsection (5) to the extent that the giving of those reasons would disclose any criminal intelligence.

48 Community impact

- (1) The object of this section is to facilitate the consideration by the Authority of the impact that the granting of certain licences, authorisations or approvals will have on the local community, in particular by providing a process in which the Authority is made aware of:
- (a) the views of the local community, and
 - (b) the results of any discussions between the applicant and the local community about the issues and concerns that the local community may have in relation to the application.
- (2) In this section:
- relevant application** means any of the following:
- (a) an application for a hotel licence, club licence, small bar licence or packaged liquor licence,
 - (b) an application under section 59 for approval to remove a hotel licence, club licence, small bar licence or packaged liquor licence to other premises,
 - (c) an application for an extended trading authorisation in relation to a hotel licence, club licence, small bar licence or packaged liquor licence,
 - (d) an application for an extended trading authorisation in relation to an on-premises licence (but only if the authorisation will result in trading at any time between midnight and 5 am),
 - (e) an application for an extended trading authorisation in relation to a producer/wholesaler licence (but only if the authorisation will result in retail trading at any time between midnight and 5 am),
 - (f) any particular application (or class of application) that is required by the Authority to be accompanied by a community impact statement,
 - (g) any other application of a kind prescribed by the regulations or made in such circumstances as may be prescribed by the regulations,
- but does not include any application for an extended trading authorisation in relation to a special occasion (as referred to in section 49 (5) (b) or (5A) or 49A (3) (b)).
- (3) A relevant application must be accompanied by a community impact statement.
- (3A) However, a small bar application is not required to be accompanied by a community impact statement if:
- (a) development consent is required under the Environmental Planning and Assessment Act 1979 to use the premises to which the application relates as a small bar or to sell liquor during the times to which the application relates, and
 - (b) the local police and the Secretary are, no more than 2 working days after the application for the required development consent, or any variation to that application, is made, notified by the applicant of the making of the application for development consent or of the variation to that application.
- (3B) For the purposes of subsection (3A), a **small bar application** means any of the following:
- (a) an application for a small bar licence,
 - (b) an application for approval to remove a small bar licence to other premises,
 - (c) an application for an extended trading authorisation for a small bar,
 - (d) an application to vary an extended trading authorisation for a small bar.
- (3C) An application (other than an application under clause 39 of Schedule 1) for a small bar licence is not, despite subsection (3), required to be accompanied by a community impact statement if:
- (a) the application relates to the same premises as the premises to which a general bar licence relates, and

- (b) development consent has been obtained under the Environmental Planning and Assessment Act 1979 to sell liquor during the times to which the application relates and those times are specified in the development consent.
- (3D) Despite subsection (3), an application for a multi-occasion extended trading authorisation (as referred to in section 49B) is not required to be accompanied by a community impact statement if:
- (a) an extended trading authorisation of the kind referred to in section 49 (5) (a) is in force in respect of the licensed premises concerned, or
 - (b) the application is made in respect of club premises that have unrestricted trading hours in accordance with clause 94 of Schedule 2 to the Registered Clubs Act 1976.
- (4) The community impact statement must:
- (a) be prepared in accordance with the regulations and any requirements of the Authority, and
 - (b) be in the form approved by the Authority.
- (5) The Authority must not grant a licence, authorisation or approval to which a relevant application relates unless the Authority is satisfied, after having regard to:
- (a) the community impact statement provided with the application, and
 - (a1) any published cumulative impact assessment that applies to the area in which the premises the subject of the application are located, and
 - (b) any other matter the Authority is made aware of during the application process (such as by way of reports or submissions),
- that the overall social impact of the licence, authorisation or approval being granted will not be detrimental to the well-being of the local or broader community.
- (6) The regulations may make provision for or with respect to the following:
- (a) the requirements that must be satisfied in relation to the preparation of a community impact statement (including consultation requirements),
 - (b) the matters to be addressed by a community impact statement,
 - (c) the information to be provided in a community impact statement,
 - (d) the criteria for determining the local and broader community for the purposes of a relevant application,
 - (e) any other matter relating to the preparation and content of a community impact statement.
- (7) Without limiting subsection (6), the regulations may provide that the matters to be addressed by a community impact statement are, in the case of an application for an extended trading authorisation in relation to a hotel licence, to include matters relating to gambling activities on the licensed premises during the period that the authorisation is proposed to be in force.
