# STATEMENT OF REASONS

## DECISION

1. On 24 December 2021, Mr Ian Leslie Chainey (“Applicant”) lodged with Liquor & Gaming NSW (“L&GNSW”), for determination by the Independent Liquor & Gaming Authority (“Authority”), an application (“Application”) for a packaged liquor licence (“Licence”) for the premises at 246 Oxford Street, BONDI JUNCTION NSW 2022 (“Premises”).
2. The Authority considered the Application at its meeting on 13 April 2022 and decided to grant the Licence under section 45 of the *Liquor Act 2007* (“Act”).
3. In reaching this decision, the Authority has had regard to the relevant material before it and the legislative requirements under the Act and the Liquor Regulation 2018.
4. A preliminary notification of this decision was sent to the Applicant on 2 May 2022, together with the licence document for the Premises.

## MATERIAL CONSIDERED BY THE AUTHORITY

5. The Authority has considered the Application, the accompanying community impact statement (“CIS”), and all submissions received in relation to the Application.
6. The Authority is satisfied that procedural fairness was afforded to the Applicant and interested parties regarding this decision, as all parties required to be notified of the Application were provided with the opportunity to make submissions.
7. In accordance with its *Guideline 6*, the Authority has also had regard to relevant L&GNSW liquor licensing records and data published by Bureau of Crime Statistics and Research (“BOCSAR”), NSW Department of Health, and Australian Bureau of Statistics (“ABS”).
8. A list of the material considered by the Authority is set out in Schedule 2.

## LEGISLATIVE FRAMEWORK

9. The Authority has considered the Application in the context of the following sections of the *Liquor Act 2007*, and the associated clauses of the Liquor Regulation 2018:
  - a) Section 3: Statutory objects of the Act and relevant considerations.
  - b) Sections 11A and 12: Standard trading period for liquor licences and a mandatory 6-hour period during which liquor cannot be sold.
  - c) Sections 29-31: Specific provisions in respect of a packaged liquor licence.
  - d) Section 40: Minimum procedural requirements for a liquor licence application to be validly made.
  - e) Section 44: Submissions to Authority in relation to licence applications.
  - f) Section 45: Criteria for granting a liquor licence.
  - g) Section 48: Requirements in respect of a CIS, including a requirement that the Authority must not approve the application unless it is satisfied, having regard to the CIS and other available information, that the overall social impact of doing so will not be detrimental to the well-being of the local or broader community.
10. An extract of these sections is set out in Schedule 3.
11. The Authority has also had regard to its Guideline 6 in considering the overall social impact of approving the Application pursuant to section 48 of the Act.

## KEY FINDINGS

12. Having regard to the information before it and relevant legislative requirements, the Authority makes the following findings in relation to the Application.

## **Validity, procedural and trading hour requirements**

13. The Authority is satisfied on the material before it that:
- a) the Application has been validly made and meets the procedural and trading period requirements under sections 11A, 12 and 40 of the Act,
  - b) if the Licence were to be granted, liquor would be sold in accordance with the authorisation conferred by the Licence as required by section 29 of the Act, and
  - c) sections 30 and 31 of the Act do not apply to the Application, as the Premises is not intended to operate as is contemplated by the sections.
14. Pursuant to section 48 of the Act, the Authority finds that the CIS submitted with the Application was prepared in accordance with the relevant requirements.

## **Fit and proper person, responsible service of alcohol, and development consent requirements**

15. Pursuant to section 45 of the Act, the Authority is also satisfied that:
- a) the Applicant is a fit and proper person to carry on the business to which the proposed licence relates, given that no concerns regarding the Applicant's probity were raised upon consultation with relevant law enforcement agencies,
  - b) practices would be in place from the commencement of licensed trading at the Premises to facilitate the responsible serving of alcohol, having regard to the plan of management documentation for the Premises and the conditions to be imposed on the licence, and
  - c) the requisite development consent is in force, based on the Complying Development Certificate 22000043/1 ("CDC") in respect of the Premises, issued by MCG Group on 11 February 2022.

## **Community impact**

### ***Local and broader communities***

16. For the purpose of this decision and consistent with its position in *Guideline 6*, the Authority is satisfied that the relevant "local community" is the community within the suburb of Bondi Junction, and the relevant "broader community" comprises the Local Government Area ("LGA") of Waverley.

### ***Licence density***

17. The Authority notes that, compared to the NSW state average:
- a) Bondi Junction and Waverley LGA have a **higher** saturation of licence type licences
  - b) Bondi Junction and Waverley LGA have a **higher** and **lower** saturation of licences authorised to sell packaged liquor (this includes packaged liquor, club and hotel licences)
  - c) Bondi Junction and Waverley LGA have a **higher** clustering of licence type licences
  - a) Bondi Junction and Waverley LGA have a **lower** clustering of licences authorised to sell packaged liquor (this includes packaged liquor, club and hotel licences)

### ***Crime data***

18. The relevant BOCSAR data indicates that, in the year to September 2021:
- a) the Premises was located within hotspots for incidents of alcohol-related assault and malicious damage to property.
  - b) Bondi Junction recorded **higher** rates of alcohol-related non-domestic assault and alcohol-related offensive conduct and **lower** rates of alcohol-related domestic assault and malicious damage to property, compared to the NSW state average.
  - c) Waverley LGA recorded **lower** rates all offence types normally considered by the Authority, compared to the NSW state average.

### ***Alcohol-related health data***

19. The most recent HealthStats NSW data available at the time of the Authority's decision indicates that Waverley LGA recorded a **lower** than average level of alcohol-attributable deaths for the period 2018/2019, and a **higher** than average level of alcohol-attributable hospitalisations for the period 2018/2019-2019/2020.

### ***SEIFA***

20. The Authority notes that ABS Socio-Economic Index for Areas ("SEIFA") data as at 2016 indicates that Bondi Junction and Waverley LGA were relatively advantaged and advantaged compared to other suburbs and LGAs in NSW.

### ***Business model***

21. The Authority notes that the proposed business model involves the establishment of a small sized (50m<sup>2</sup>) bottle shop within the Premises, specialising in the sale of craft beer and cider.

### ***Purported benefits***

22. The Authority has had regard to the Applicant's purported benefits, including that the Premises will provide specialised products as the Premises will only sell independent liquor products.

### ***Stakeholder submissions***

23. The Authority has had regard to the submissions from:

- a) **NSW Police Force**, which supports the Application and proposes that 10 licence conditions be imposed on the Licence. Police note they still hold concerns regarding outlet saturation within Bondi Junction and Waverley LGA, however this concern is somewhat ameliorated by the Applicant's experience in the industry, the small size of the Premises and the imposition of several conditions as proposed by the Applicant's legal representative.
- b) **L&GNSW Compliance**, which states no adverse findings were identified for the Applicant, notes the concerns of Police and Transport for NSW, the plan of management be updated and support the imposition of CCTV and plan of management conditions.
- c) **Waverley Council**, which notes Council does not object to the Application, confirms the Applicant received a CDC for internal fit out of existing retail premises for use as a proposed liquor store and requests the Authority give due consideration to the social impact of the Premises' use as a liquor store on the community prior to any approval being granted.
- d) **Transport for NSW**, which requests the Applicant maintain awareness of local alcohol-related issues impacting the community, participate in the liquor accord, and provide access to public education material within the Premises.

24. The Authority has also had regard to the Applicant's submission in response, which notes the Applicant consents to the conditions proposed by Police and that Council reiterates the Authority's requirement not to grant a licence due to social impact, pursuant to section 48(5) of the Act.

### ***Findings of concern***

25. Having regard to the relevant statistics and the submissions received, including the Applicant's reply submissions, the Authority finds that:
- a) licence saturation is higher in Bondi Junction than the NSW average
  - b) the Premises is located in a high-density hotspot for alcohol-related domestic assault and malicious damage to property in Bondi Junction

- c) alcohol-attributable hospitalisations are higher in Waverley LGA than the NSW average
- d) alcohol-related domestic assault and alcohol-related offensive conduct crime statistics are higher in Bondi Junction compared to the NSW average
- e) two applications for new packaged liquor licences in Bondi Junction (with strong agency objections) were refused by the Authority in the last 16 months.

26. The Authority considers that, in approving the Application, there is a risk that liquor sold at the Proposed Premises may exacerbate the existing alcohol-related problems in the community and, over time, contribute to an increase in alcohol-related crime, health and other social and amenity issues in the local and broader communities.

**Mitigating factors**

27. The Authority is nevertheless satisfied that the risk is sufficiently mitigated by the following:

- a) absence of any objections from agency stakeholders
- b) eight community letters of support for the Application
- c) households in Bondi Junction and Waverley LGA are socioeconomically advantaged
- d) proposed business model is specialised with a limited product offering that will reduce the potential customer base
- e) alcohol-attributable death rate is lower in Waverley LGA compared to the NSW average
- f) low density hotspot for alcohol-related domestic assault and alcohol-related offensive conduct in Bondi Junction
- g) lower rates of alcohol-related domestica assault and malicious damage to proper in Bondi Junction compared to NSW average
- h) experience of the Applicant as an operator of multiple licensed premises with sound compliance records
- i) two previous applications that were rejected are distinguished from the Application as there were strong agency objections in those applications and the two premises were located within the heart of Bondi Junction, which has a licence density that is above the NSW state average and is subject to a relatively high level of alcohol-related crimes
- j) harm minimisation measures set out in the plan of management and licence conditions as set out in Schedule 1

**CONCLUSION**

28. Having considered the positive and negative social impacts that are likely to flow from granting the Licence, the Authority is satisfied that the overall social impact of granting the Licence would not be detrimental to the well-being of the local and broader communities.

29. The Authority is also satisfied that the other legislative criteria for the granting of the Licence have been met.

30. Accordingly, the Authority has decided to grant the Licence under section 45 of the Act.

- (1) **Retail sales** A packaged liquor licence authorises the licensee to sell liquor by retail in sealed containers on the licensed premises, for consumption away from the licensed premises only—
- (a) during the standard trading period or such other period as may be authorised by an extended trading authorisation, or
  - (b) in the case of any Sunday that falls on 24 December—from 8 am (or such earlier time as may be authorised by an extended trading authorisation) to midnight on that day.
- (2) **No retail trading on restricted trading days** Despite subsection (1), a packaged liquor licence does not authorise the licensee to sell liquor by retail on a restricted trading day.
- (3) **Selling liquor by wholesale or to employees** A packaged liquor licence also authorises the licensee—
- (a) to sell liquor by wholesale, at any time on the licensed premises, to persons authorised to sell liquor (whether by wholesale or by retail), and
  - (b) to sell or supply liquor, at any time on the licensed premises, to the employees of the licensee or of a related corporation of the licensee.
- (3A) An extended trading authorisation must not authorise the sale of liquor for consumption away from the licensed premises—
- (a) on a Sunday that does not fall on 24 or 31 December—after 11 pm, and
  - (b) on any other day—after midnight.
- (4) **Tastings** A packaged liquor licence also authorises the licensee to sell or supply liquor, on the licensed premises and during the trading hours permitted by subsection (1), otherwise than in sealed containers to customers and intending customers for consumption while on the licensed premises, but only for the purposes of tasting.

## 30 Liquor sales area required if bottle shop is part of another business activity

- (1) If the primary purpose of the business carried out on the premises to which a packaged liquor licence relates is not the sale of liquor for consumption away from the licensed premises, liquor may only be sold under the licence in an area of the licensed premises (**the liquor sales area**) that is adequately separated from those parts of the premises in which other activities are carried out.
- (2) The principal activity carried out in any such liquor sales area must be the sale or supply of liquor for consumption away from the licensed premises.

## 31 Restrictions on granting packaged liquor licences

- (1) A packaged liquor licence must not be granted for premises that comprise a general store unless the Authority is satisfied that—
- (a) in the neighbourhood of the premises concerned, no other take-away liquor service is reasonably available to the public, and

- (b) the grant of the licence would not encourage drink-driving or other liquor-related harm.
- (2) A packaged liquor licence must not be granted for premises comprising a service station or take-away food shop.
- (3) In this section—

**general store** means a convenience store, mixed business shop, corner shop or milk bar that has a retail floor area of not more than 240 square metres and that is used primarily for the retail sale of groceries or associated small items.

**service station** means premises that are used primarily for the fuelling of motor vehicles involving the sale by retail of petrol, oil or other petroleum products.

**take-away food shop** means premises that are used primarily for the preparation and sale of food for immediate consumption away from the premises (whether or not food is also consumed on the premises).

#### 40 Licence applications

- (1) Licence applications are to be made to the Authority.
- (2) An application for a licence may be made by:
- an individual, or
  - a corporation, or
  - in the case of a club licence—a club (or a person on behalf of a club) that meets the requirements specified in section 10 (1) of the Registered Clubs Act 1976.
- (3) An application for a licence may not be made by:
- an individual who is under the age of 18 years, or
  - a person who is disqualified from holding a licence or who holds a suspended licence, or
  - an individual who is a controlled member of a declared organisation within the meaning of the Crimes (Criminal Organisations Control) Act 2012.

**Note.** Controlled members are prohibited from applying for licences—see section 27 of the Crimes (Criminal Organisations Control) Act 2012.

- (4) An application for a licence must:
- be in the form and manner approved by the Authority, and
  - be accompanied by the fee prescribed by the regulations and such information and particulars as may be prescribed by the regulations, and
  - be advertised in accordance with the regulations, and
  - comply with such other requirements as may be approved by the Authority or prescribed by the regulations.

**Note.** See also section 48 which requires a community impact statement to be provided with certain licence applications.

- (5) If, before an application for a licence is determined by the Authority, a change occurs in the information provided in, or in connection with, the application (including any information provided in accordance with this subsection), the applicant must immediately notify the Authority of the particulars of the change.

#### 44 Submissions to Authority in relation to licence applications

- (1) Any person may, subject to and in accordance with the regulations, make a submission to the Authority in relation to an application for a licence.
- (2) If any such submission is made to the Authority, the Authority is to take the submission into consideration before deciding whether or not to grant the licence.

#### 45 Decision of Authority in relation to licence applications

- (1) The Authority may, after considering an application for a licence and any submissions received by the Authority in relation to the application, grant the licence or refuse to grant the licence. The Authority may determine the application whether or not the Secretary has provided a report in relation to the application.
- (2) The Authority may, in such circumstances as the Authority considers appropriate, treat an application for a licence as having been withdrawn.
- (3) The Authority must not grant a licence unless the Authority is satisfied that:
- the applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates, and
  - practices will be in place at the licensed premises as soon as the licence is granted that ensure, as far as reasonably practicable, that liquor is sold, supplied or served responsibly on the premises and that all reasonable steps are taken to prevent intoxication on the premises, and that those practices will remain in place, and
  - if development consent is required under the Environmental Planning and Assessment Act 1979 (or approval under Part 3A or Part 5.1 of that Act is required) to use the premises for the purposes of the business or activity to which the proposed licence relates—that development consent or approval is in force.

**Note.** Section 48 also requires the Authority to be satisfied of certain other matters before granting a hotel, club or packaged liquor licence.

- (4) The regulations may also provide mandatory or discretionary grounds for refusing the granting of a licence.

- (5) Without limiting subsection (3) (a), a person is not a fit and proper person to carry on the business or activity to which a proposed licence relates if the Authority has reasonable grounds to believe from information provided by the Commissioner of Police in relation to the person:
- (a) that the person:
    - (i) is a member of, or
    - (ii) is a close associate of, or
    - (iii) regularly associates with one or more members of,
      - a declared organisation within the meaning of the Crimes (Criminal Organisations Control) Act 2012, and
  - (b) that the nature and circumstances of the person's relationship with the organisation or its members are such that it could reasonably be inferred that improper conduct that would further the criminal activities of the declared organisation is likely to occur if the person is granted a licence.
- (5A) Without limiting subsection (3) (a), in determining whether an applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates, the Authority is to consider whether the applicant:
- (a) is of good repute, having regard to character, honesty and integrity, and
  - (b) is competent to carry on that business or activity.
- (6) The Authority is not, under this or any other Act or law, required to give any reasons for not granting a licence because of subsection (5) to the extent that the giving of those reasons would disclose any criminal intelligence.
- (7) In deciding whether or not to grant a licence, the Authority must consider whether, if the licence were granted, it would provide employment in, or other opportunities for, any of the following—
- (a) the live music industry,
  - (b) the arts sector,
  - (c) the tourism sector,
  - (d) the community or cultural sector.

#### 48 Community impact

- (1) The object of this section is to facilitate the consideration by the Authority of the impact that the granting of certain licences, authorisations or approvals will have on the local community, in particular by providing a process in which the Authority is made aware of:
- (a) the views of the local community, and
  - (b) the results of any discussions between the applicant and the local community about the issues and concerns that the local community may have in relation to the application.
  - (c) whether the granting of the application would provide employment in, or other opportunities for, any of the following—
    - (i) the live music industry,
    - (ii) the arts sector,
    - (iii) the tourism sector,
    - (iv) community or cultural sector.

  - (f) any particular application (or class of application) that is required by the Authority to be accompanied by a community impact statement,
  - (g) any other application of a kind prescribed by the regulations or made in such circumstances as may be prescribed by the regulations,
- but does not include any application for an extended trading authorisation in relation to a special occasion (as referred to in section 49 (5) (b) or (5A) or 49A (3) (b)).
- (3) A relevant application must be accompanied by a community impact statement.
- (3A) However, a small bar application is not required to be accompanied by a community impact statement if:
- (a) development consent is required under the Environmental Planning and Assessment Act 1979 to use the premises to which the application relates as a small bar or to sell liquor during the times to which the application relates, and

- (b) the local police and the Secretary are, no more than 2 working days after the application for the required development consent, or any variation to that application, is made, notified by the applicant of the making of the application for development consent or of the variation to that application.
- (3B) For the purposes of subsection (3A), a **small bar application** means any of the following:
- (a) an application for a small bar licence,
  - (b) an application for approval to remove a small bar licence to other premises,
  - (c) an application for an extended trading authorisation for a small bar,
  - (d) an application to vary an extended trading authorisation for a small bar.
- (3C) An application (other than an application under clause 39 of Schedule 1) for a small bar licence is not, despite subsection (3), required to be accompanied by a community impact statement if:
- (a) the application relates to the same premises as the premises to which a general bar licence relates, and
  - (b) development consent has been obtained under the Environmental Planning and Assessment Act 1979 to sell liquor during the times to which the application relates and those times are specified in the development consent.
- (3D) Despite subsection (3), an application for a multi-occasion extended trading authorisation (as referred to in section 49B) is not required to be accompanied by a community impact statement if:
- (a) an extended trading authorisation of the kind referred to in section 49 (5) (a) is in force in respect of the licensed premises concerned, or
  - (b) the application is made in respect of club premises that have unrestricted trading hours in accordance with clause 94 of Schedule 2 to the Registered Clubs Act 1976.
- (4) The community impact statement must:
- (a) be prepared in accordance with the regulations and any requirements of the Authority, and
  - (b) be in the form approved by the Authority.
- (5) The Authority must not grant a licence, authorisation or approval to which a relevant application relates unless the Authority is satisfied, after having regard to:
- (a) the community impact statement provided with the application, and
  - (a1) any published cumulative impact assessment that applies to the area in which the premises the subject of the application are located, and
  - (b) any other matter the Authority is made aware of during the application process (such as by way of reports or submissions),
- that the overall social impact of the licence, authorisation or approval being granted will not be detrimental to the well-being of the local or broader community.
- (6) The regulations may make provision for or with respect to the following:
- (a) the requirements that must be satisfied in relation to the preparation of a community impact statement (including consultation requirements),
  - (b) the matters to be addressed by a community impact statement,
  - (c) the information to be provided in a community impact statement,
  - (d) the criteria for determining the local and broader community for the purposes of a relevant application,
  - (e) any other matter relating to the preparation and content of a community impact statement.
- (7) Without limiting subsection (6), the regulations may provide that the matters to be addressed by a community impact statement are, in the case of an application for an extended trading authorisation in relation to a hotel licence, to include matters relating to gambling activities on the licensed premises during the period that the authorisation is proposed to be in force.
