Application for	Small bar licence
Licence name	Vine
Premises	Shop 4, 209 Baylis Street Wagga Wagga NSW 2650

Decision	Approved under section 45 of the <i>Liquor Act 2007</i>
Decision date	18 May 2022

Material considered by the Authority

The Authority has considered the following material in determining the application:

- application material, including evidence of notification to specified stakeholders and the community about the application
- Category B Community Impact Statement
- premises plan setting out the proposed boundaries of the licensed premises -
- Plan of Management for the licensed business at the premises
- development consent for the premises
- Liquor & Gaming LiveData report for Wagga Wagga
- stakeholder submissions in relation to the application, and the applicant's response to those submissions.

Legislative requirements

The Authority has considered the application in the context of the following sections of the *Liquor Act 2007*, and the associated clauses of the Liquor Regulation 2018:

- section 3: Statutory objects of the Act and relevant considerations
- sections 11A and 12: Standard trading period for liquor licences and a mandatory 6-hour period during which liquor cannot be sold
- sections 20A, 20B and 20C: Specific provisions in respect of a small bar licence
- section 40: Minimum procedural requirements for a liquor licence application to be validly made
- section 44: Submissions to Authority in relation to licence applications
- section 45: Criteria for granting a liquor licence
- section 48: Requirements in respect of a CIS, including a requirement that the Authority must not approve the application unless it is satisfied, having regard to the CIS and other available information, that the overall social impact of doing so will not be detrimental to the well-being of the local or broader community.

The Authority has also had regard to its Guideline 6 in considering the overall social impact of approving the application pursuant to section 48 of the Act.

Key findings

In accordance with its Guideline 6, the Authority finds that the relevant local community for the purposes of this decision is the suburb of Wagga Wagga, and the broader community is the Local Government Area of Wagga Wagga.

Positive social impacts

The Authority notes that the proposed small bar will be situated adjacent to a specialised bottle shop that will also be operated by the applicant, and that the applicant's intention is to operate an urban cellar door in the heart of the Wagga Wagga CBD.

The Authority is satisfied on the material before it that the proposal set out in the application, if approved, would likely benefit the local and broader communities through the provision of increased convenience and choice.

Negative social impacts

The Authority accepts that the proposal may, over time, contribute to an increase in alcohol-related harm in the local and broader communities, including alcohol-fuelled violence, health problems and/or social and amenity issues, having regard to the:

- higher than average saturation of small bar licences in the local community
- fact that the premises is situated in a high-density hotspot for malicious damage to property, and near hotspots for alcohol-related domestic and non-domestic assault, and alcohol related offensive conduct
- higher than average crime rates in the local and broader communities
- higher than average level of alcohol-attributable deaths in the broader community
- relative socio-economic disadvantage in the local community
- higher than average Indigenous population in the broader community.

The Authority is nevertheless satisfied that these risk factors are sufficiently mitigated by the following:

- relatively small size of the premises at 49m², with a 54-patron capacity
- reduced trading hours
- absence of any objections from agency stakeholders or members of the community
- harm minimisation measures set out in the Plan of Management and licence conditions as set out in Schedule 1.

Overall social impacts and conclusion

Having considered the positive and negative social impacts that are likely to flow from the applicant's proposal, the Authority is satisfied that the overall social impact of approving the application, subject to the conditions to be imposed, will not be detrimental to the well-being of the local or broader community.

The Authority is also satisfied that the other legislative requirements for the approval of the application have been met.

The Authority finds, having regard to the above, that approving the application is consistent with the statutory objects and considerations of the Act to regulate the liquor industry in line with the community's expectations, needs and aspirations, and facilitate the balanced and responsible development of the liquor industry and related industries.

Accordingly, the Authority approves the application under section 45 of the Act.
