**Decision of the Independent Liquor & Gaming Authority –
Application for a packaged liquor licence – Van's Fresh**

We first considered the application above on 13 October 2022 and, following the receipt and consideration of further requested information, decided on 23 November 2022 to **approve** the application under section 45 of the *Liquor Act 2007* - with the conditions set out in Schedule 1.

We provided you with preliminary advice of this decision on 9 December 2022.

Approved manager or individual licensee

The licence cannot be exercised unless and until the Authority or Liquor & Gaming NSW has been notified that:

- the licence is transferred to an individual licensee, or an approved manager is appointed; and
- the licensee or approved manager is a suitable and qualified person.

Mixed-use checkouts must be closed outside licensed hours

Under section 103(2) of the Act, any counter or place used to sell or supply liquor under the licence, including any mixed-use checkouts in the liquor sales area, must be closed to the public outside the licensed trading hours.

Statement of reasons

Overall, we are satisfied that the social impact of approving the application will not be detrimental to the well-being of the local or broader community.

Our findings

Procedural and trading hour requirements

We are satisfied that:

- the application meets the Act's requirements for procedural fairness and trading period
- the sale of liquor would comply with the licence's authorisation.
- sections 30 and 31 of the Act don't apply to this application.

'Fit and proper person'

The applicant is a 'fit and proper person' to operate the business to which the proposed licence relates.

Responsible service of alcohol

Procedures for the responsible service of alcohol will be in place at the premises from the start of licensed trading, under the plan of management and the conditions on the licence.

Development consent requirements

The necessary development consent is in force. Willoughby Council approved the modification of development consent DA-1995/602/A for the premises on 17 November 2021.

Community impact

Local and broader communities

The 'local community' is the community in the suburb of Chatswood and the 'broader community' comprises the Local Government Area of Willoughby.

Diversity and density of licensed outlets

L&GNSW Liquor & Gaming LiveData Report (March 2022) for Chatswood shows:

- there are 124 authorised liquor licenses, of which 30 are authorised to sell packaged liquor. This includes 20 packaged liquor licences, 4 registered club licences, 4 hotel licences and 2 Producer/Wholesalers.
- saturation of packaged liquor licences in Chatswood is higher compared to both the Willoughby LGA and all of NSW.

Crime data (annual rate per 100,000 residents)

BOCSAR data shows that in the year to June 2022:

- the premises were located in hotspots for alcohol-related assault, domestic and non-domestic assault or malicious damage to property.
- the premises were located close to hotspots for incidents of alcohol-related domestic assault and malicious damage to property in areas that are likely to be serviced by the licence
- alcohol-related domestic assault in Chatswood was the same as the in Willoughby LGA and lower compared to all of NSW
- alcohol-related non-domestic assault in Chatswood was higher compared to the Willoughby LGA and lower compared to all of NSW
- alcohol-related disorderly conduct in Chatswood was higher compared to the Willoughby LGA and lower compared to all of NSW.

- malicious damage to property in Chatswood was higher compared to the Willoughby LGA and lower compared to all of NSW.

Alcohol-related health data (per 100,000 residents)

The most recent HealthStats NSW data available show that between 2018/19 and 2019/20:

- alcohol-related deaths in Willoughby LGA were lower compared to the NSW average
- alcohol-related hospitalisations in Willoughby LGA were higher compared to the NSW average.

ABS Socio-Economic Index for Areas (SEIFA) SEIFA

Data as at 2016 shows that Chatswood and Willoughby LGA have a high level of relative socio-economic advantage in household income and residents in skilled occupations compared to other suburbs and LGAs in NSW.

Business model

The proposed business model involves operating a liquor sales area in an existing grocery store and supermarket.

Proposed benefits

The applicant proposes that there would be these benefits:

- 'One stop shop' convenience — Benefits consumers who wish to purchase packaged liquor while shopping at the supermarket
- Increased choice for customers with additional new product lines.

Stakeholder submissions

We considered the submissions from:

- NSW Police Force, dated 5 May 2022, which notes that the location does not present a risk to the community, a request of imposing additional conditions and to align trading hours with standard hours for packaged liquor outlets, no objection
- L&GNSW Compliance, dated 11 May 2022, which notes no adverse history in regard to this application and a recommendation to impose additional conditions, no objection
- Willoughby Local Council, dated 31 May 2022, which notes the suggestion to amend trading hours, no objection
- NSW Health, dated 20 May 2022, objecting to the proposal noting concerns about the saturation of packaged liquor licences in the suburb, local alcohol-related hospitalisations and the impact of high crime rates.
- Transport for NSW, dated 30 March 2022, which notes the need to be aware of local alcohol-related issues impacting the community, to consider road safety measures and requests to impose an additional condition to participate in the local Liquor Accord, but no objection
- One submission received by a member of the public, dated 21 April 2022, objecting to the proposal noting concerns around safety and disputed the premises' suitability for the location.

We also considered the Applicant's submission in response, to these submissions, which notes the following:

- consent to all proposed conditions
- proposed trading hours are similar to other supermarkets in Chatswood with a packaged liquor licence

- based on the crime statistics for Chatswood for the past 10 years, both Chatswood and LGA experience very low rates of liquor related crime.

Findings of concern

There is a risk that if the licence was granted, liquor sold from the premises will contribute to an increase in alcohol-related crime, health and other social and amenity issues in the local and broader communities, and in other areas of the State.

The premises is located in a high-density hotspot for incidents of non-domestic assault, alcohol-related assault and malicious damage to property and medium-density hotspot for incidents of domestic assault. In addition, Chatswood and the Willoughby LGA have a higher license density than the state average.

We are satisfied that the risk is reduced by these factors:

- relatively small liquor sales area
- data indicating above-average socio-economic advantage in both the suburb and LGA
- the proposed store will be located within the Chatswood Westfield shopping centre without street frontage
- alcohol-attributable deaths are lower in the LGA compared to NSW
- harm minimisation measures outlined in the plan of management and licence conditions set out in Schedule 1.
