## STATEMENT OF REASONS

### Our decision

We have considered the objects of the *Liquor Act 2007* (the Act) and the relevant legislative provisions and have approved the application under section 45 of the Act.

Overall, we are satisfied that the social impact of approving the application will not be harmful to the well-being of the local or broader community.

The decision achieves the aim of the Act to regulate the liquor industry to meet the community's expectations, needs, and aspirations, while also promoting a balanced and responsible development of the industry.

### Our main findings

The local community for the purposes of this decision is Penrith. The broader community is the Local Government Area (LGA) of Penrith.

#### Positive social impacts

We are satisfied that the proposal would benefit the local and broader communities by providing increased choice and convenience. The supermarket is located within the Westfield Penrith Shopping Centre which consists of 312 other tenancies. The liquor sales area will sit wholly within the supermarket and will provide a limited range of predominantly ALDI-branded products including beers, wines and spirits.

#### Negative social impacts

We accept that the proposal could contribute to an increase in alcohol-related harm in the local and broader communities because of:

- the premises being located in high-density crime hotspots in the suburb for all offence categories usually considered by the Authority
- the crime rates for all offence categories usually considered by the Authority being higher in Penrith compared to NSW rates
- the high saturation rates of packaged liquor licences in Penrith compared to NSW rates, and
- the indication of a below average level of relative socio-economic advantage and disadvantage in Penrith compared to NSW.

However, we are satisfied that these risks are reduced by:

- the relatively small (55m<sup>2</sup>) liquor sales area in which liquor will be sold or supplied
- the absence of agency or public objections
- the low saturation rates of packaged liquor licences in the Penrith LGA compared to NSW rates
- the lower rates of alcohol-attributable hospitalisations in the Penrith LGA compared to NSW rates
- the indication of above average level of socio-economic advantage and disadvantage in the Penrith LGA compared to NSW
- the relatively moderate licensed trading hours, and
- the harm-minimisation measures outlined in the plan of management and licence conditions as set out in Schedule 1.

### The material we considered

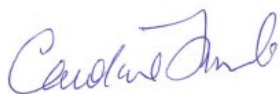

We considered the following material when making our decision:

- the application material — including evidence that stakeholders and the community were notified about the application

- a community impact statement (CIS)
- the plan of the licensed premises and any authorisations
- a plan of management for the licensed business
- a development consent for the premises
- statistics from Liquor & Gaming NSW, Bureau of Crime Statistics and Research, NSW Health and Australian Bureau of Statistics on the socio-economic status, liquor licence density, alcohol-related crimes rates and health issues in the local and broader communities, and
- stakeholder submissions and the applicant's response them.

We also considered [Guideline 6](#) to assess the likely social impact to the local and broader community.

Yours sincerely
