Application for a packaged liquor licence – Foodworks Broulee**

We **approve** the application above under section 45 of the *Liquor Act 2007* — with the conditions set out in Schedule 1.

If a Sunday falls on 24 December, the 6-hour closure period overrides the statutory provision that would otherwise allow the licence to trade from 8:00 am. Under the 6-hour closure period for the current licence, the premises must not trade earlier than 09:00 am.

A statement of reasons will be published on the [Liquor & Gaming NSW website](#) in accordance with section 36C of the *Gaming and Liquor Administration Act 2007*.

STATEMENT OF REASONS

Our decision

We have considered the objects of the *Liquor Act 2007* (the Act) and the relevant legislative provisions and have approved the application under section 45 of the Act.

Overall, we are satisfied that the social impact of approving the application will not be harmful to the well-being of the local or broader community.

The decision achieves the aim of the Act to regulate the liquor industry to meet the community's expectations, needs, and aspirations, while also promoting a balanced and responsible development of the industry.

Our main findings

The local community for the purposes of this decision is Broulee. The broader community is the Local Government Area (LGA) of Eurobodalla Shire.

Positive social impacts

We are satisfied that the proposal would benefit the local and broader communities by providing increased convenience and choice.

Negative social impacts

We accept that the proposal could contribute to an increase in alcohol-related harm in the local and broader communities because of:

- Broulee being a medium density hotspot for incidents of malicious damage to property
- Eurobodalla Shire having a higher than average crime rate across all offence categories normally considered by the Authority
- objections received from members of the public.

However, we are satisfied that these risks are reduced by:

- the absence of objections from government agency stakeholders
- no hotspots in Broulee for alcohol-related incidents
- the average level of socio economic advantage and disadvantage in both Broulee and the Eurobodalla Shire
- the harm-minimisation measures outlined in the plan of management and licence conditions, as set out in Schedule 1.

The material we considered

We considered the following material when making our decision:

- The application material — including evidence that stakeholders and the community were notified about the application.
- A community impact statement (CIS)
- The plan of the licensed premises and any authorisations.
- A plan of management for the licensed business.
- A development consent for the premises.
- Statistics from Liquor & Gaming NSW, Bureau of Crime Statistics and Research, NSW Health and Australian Bureau of Statistics on the socio-economic status, liquor licence density, alcohol-related crimes rates and health issues in the local and broader communities.
- Stakeholder submissions and the applicant's response them.

We also considered [Guideline 6](#) to assess the likely social impact to the local and broader community if we approved the application.

Yours sincerely
