## STATEMENT OF REASONS

### Our decision

We have considered the objects of the *Liquor Act 2007* (the Act) and the relevant legislative provisions and have approved the application under section 45 of the Act.

Overall, we are satisfied that the social impact of approving the application will not be harmful to the well-being of the local or broader community.

The decision achieves the aim of the Act to regulate the liquor industry to meet the community's expectations, needs, and aspirations, while also promoting a balanced and responsible development of the industry.

### Our main findings

The local community for the purposes of this decision is Lidcombe. The broader community is the Local Government Area of (LGA) Cumberland.

#### Positive social impacts

We are satisfied that the proposal would benefit the local and broader communities by providing increased convenience and choice in a newly renovated and modern liquor sales area to be located within the grocery store.

The business will utilise age and identity verification systems to check all customers ordering and taking delivery of alcohol. The delivery providers will report all delivery data to Liquor & Gaming NSW every year and keep records of all refused deliveries for at least one year. Furthermore, the delivery providers will not hold drivers financially responsible for refusing a same day delivery.

#### Negative social impacts

We accept that the proposal could contribute to an increase in alcohol-related harm in the local and broader communities (such as violence, health problems or social and public amenity issues) because the:

- there is a higher saturation of packaged liquor outlets in Lidcombe compared to the NSW average, and
- premises is located in a high density hotspot for all four crime offence categories normally considered by the Authority.

However, we are satisfied that these risks are reduced by the:

- lack of any objections received during the application process
- lower density of other types of liquor outlets namely clubs, hotels and producer/wholesalers in Lidcombe and Cumberland compared to the NSW average
- rates for all four crime offence categories in Lidcombe and the Cumberland are lower than the NSW average, and
- harm-minimisation measures outlined in the plan of management and licence conditions, as set out in Schedule 1.

### The material we considered

We considered the following material when making our decision:

- The application material — including evidence that stakeholders and the community were notified about the application.

- A community impact statement (CIS)
- The plan of the licensed premises and any authorisations.
- A plan of management for the licensed business.
- A development consent for the premises.
- Statistics from Liquor & Gaming NSW, Bureau of Crime Statistics and Research, NSW Health and Australian Bureau of Statistics on the socio-economic status, liquor licence density, alcohol-related crimes rates and health issues in the local and broader communities.
- Stakeholder submissions and the applicant's response them.

We also considered [Guideline 6](#) to assess the likely social impact to the local and broader community if we approved the application.

Yours sincerely

Caroline Lamb
