STATEMENT OF REASONS

Our decision

We have considered the objects of the *Liquor Act 2007* (the Act) and the relevant legislative provisions and have approved the application under section 45 of the Act.

Overall, we are satisfied that the social impact of approving the application will not be harmful to the well-being of the local or broader community.

The decision achieves the aim of the Act to regulate the liquor industry to meet the community's expectations, needs, and aspirations, while also promoting a balanced and responsible development of the industry.

Our main findings

The local community for the purposes of this decision is Belmont. The broader community is the Local Government Area (LGA) of Lake Macquarie.

Positive social impacts

We are satisfied that the proposal would benefit the local and broader communities by providing increased choice:

- the applicant seeks approval to operate a liquor sales area, with a varied 6-hour closure period, offering the added convenience to customers who shop at the supermarket and who would also like to purchase liquor prior to 10:00 AM
- the business will sell a range of beers, wines, ciders and spirits, including many new products presently not available at existing local stores within the community
- the applicant consents to a condition being imposed on the licence which prevents refrigerated liquor products being sold for immediate consumption, and

Negative social impacts

We accept that the proposal could contribute to an increase in alcohol-related harm in the local and broader communities (such as violence, health problems or social and public amenity issues) because of the:

- high-density crime hotspots reported in the Belmont suburb for domestic assault and malicious damage; medium-density crime hotspots reported in the Belmont suburb for non-domestic assault and alcohol-related assault
- high crime rates in the Belmont suburb for alcohol-related domestic assault, alcohol-related non-domestic assault and malicious damage; moderately higher crime rate in the Lake Macquarie LGA for malicious damage
- higher rates of alcohol-attributable deaths in the Lake Macquarie LGA compared to NSW, and
- SEIFA health data indicates a below average level of relative socio-economic advantage/disadvantage in the Belmont suburb compared to NSW.

However, we are satisfied that these risks are reduced by the:

- lack of any objections received during the application process
- lower crime rates in the Lake Macquarie LGA for alcohol-related domestic assault, alcohol-related non-domestic assault and alcohol-related disorderly conduct; no crime rates recorded in the Belmont suburb for alcohol-related disorderly conduct
- lower rates of alcohol-attributable hospitalisations in the Lake Macquarie LGA compared to NSW
- SEIFA health data indicates above average level of socio-economic advantage/disadvantage in the Lake Macquarie LGA compared to NSW
- reduced trading hours at the premises with a small liquor sales area of 20m², and

- the harm-minimisation measures outlined in the plan of management and licence conditions, as set out in Schedule 1.

The material we considered

We considered the following material when making our decision:

- The application material — including evidence that stakeholders and the community were notified about the application.
- A community impact statement (CIS)
- The plan of the licensed premises and any authorisations.
- A plan of management for the licensed business.
- A development consent for the premises.
- Statistics from Liquor & Gaming NSW, Bureau of Crime Statistics and Research, NSW Health and Australian Bureau of Statistics on the socio-economic status, liquor licence density, alcohol-related crimes rates and health issues in the local and broader communities.
- Stakeholder submissions and the applicant's response them.

We also considered [Guideline 6](#) to assess the likely social impact to the local and broader community.

Yours sincerely
