KEY FINDINGS

11. Having regard to the information before it and relevant legislative requirements, the Authority makes the following findings in relation to the Application.

Validity, procedural and trading hour requirements

12. The Authority is satisfied on the material before it that:
 - a) the Application has been validly made and meets the procedural requirements under sections 40 and 51 of the Act, and
 - b) the proposed trading hours for the Premises meet the requirements under sections 11A, 12 and 14 of the Act in respect of trading and 6-hour closure periods.
13. Pursuant to section 48 of the Act, the Authority finds that the CIS submitted with the Application was prepared in accordance with the relevant requirements.

Fit and proper person, responsible service of alcohol, and development consent requirements

14. Pursuant to section 45 of the Act, the Authority is also satisfied that:
 - a) the Applicant is a fit and proper person to carry on the business to which the proposed licence relates, given that no concerns regarding the Applicant's probity were raised upon consultation with relevant law enforcement agencies,
 - b) practices would be in place from the commencement of licensed trading at the Premises to facilitate the responsible serving of alcohol, having regard to the plan of management documentation for the Premises and the conditions to be imposed on the licence, and
 - c) the requisite development consent is in force, based on the development consent DA2021/0477 in respect of the Premises, issued by Georges River Council on 3 February 2022.

Community impact

Local and broader communities

15. For the purpose of this decision and consistent with its position in *Guideline 6*, the Authority is satisfied that the relevant "local community" is the community within the suburb of Hurstville, and the relevant "broader community" comprises the Local Government Area ("LGA") Georges River.

Licence density

16. The Authority notes that, compared to the NSW state average:
 - a) Hurstville has a **higher** saturation of hotel licences.
 - b) Georges River has a **lower** saturation of hotel licences.
 - c) Hurstville and Georges River have a **lower** saturation of late-trading outlets.
 - d) Hurstville and Georges River have a **lower** clustering of hotel licences.
 - a) Hurstville and Georges River have a **lower** clustering of late-trading outlets.

Crime data

17. The relevant BOCSAR data indicates that, in the year to December 2021:

- a) the Premises was located within hotspots for incidents of alcohol-related assault, domestic and non-domestic assault, and malicious damage to property.
- b) Hurstville and Georges River recorded lower rates of alcohol-related assault, domestic and non-domestic assault, disorderly conduct and malicious damage to property, compared to the NSW state average.

Alcohol-related health data

18. The most recent HealthStats NSW data available at the time of the Authority's decision indicates that Georges River recorded a **lower** than average level of alcohol-attributable deaths for the period 2016-2020, and a **lower** than average level of alcohol-attributable hospitalisations for the period 2016-2019.

SEIFA

19. The Authority notes that ABS Socio-Economic Index for Areas ("SEIFA") data as at 2016 indicates that Hurstville and Georges River were relatively advantaged compared to other suburbs and LGAs in NSW.

Business model

20. The Authority notes that the proposed business model involves a new hotel premises with an extended trading, minors area and minors function authorisation, for the sale of alcohol for consumption on the premises.

Purported benefits

21. The Authority has had regard to the Applicant's purported benefits, including that:

- a) The premises is located in a convenient location, in a modern building adding to community amenity with a substantial food offering. The venue will offer a main cocktail bar and dining spaces including outdoor seating protected by an integrated retractable shade structure, plus private garden dining to the east. The gaming room will have its own dedicated bar.
- b) The venue is located on the ground floor of a 14 storey A-grade building comprised of 3 levels of retail and 11 levels of office floor area and basement parking and is centrally located within the centre of the Hurstville City Central Business District (CBD) on the High Street that is Forest Road.
- c) There will be no take-aways sales, TAB or Keno permitted at any time.

22. The Authority considers the proposed benefits above to be limited by the absence of any substantive evidence of community support for the Application, noting that there was also no objection from any members of the community.

Stakeholder submissions

23. The Authority has had regard to the submissions from:

- a) **NSW Police Force**, which notes that the venue falls within an alcohol-free zone, with close proximity to transport hubs. Police do not object to the grant of the liquor licence and recommend strong consideration to the proposed conditions relating to a liquor plan of management, CCTV, crime scene preservation, the requirement to maintain an incident register and the provision of security personnel.
 - b) **Local Council**, which notes no objections to the grant of the liquor licence citing the development use is permitted under the extended trial hours for a 12-month period from the date of the occupation certificate or when the use commences if an occupation certificate is not required.
 - c) **L&GNSW Compliance**, which referred to the due diligence report provided in relation to the approved manager submitting that a compliance notice was issued in October 2018 for failure to display gambling signage. Compliance do not object to the grant of the liquor licence and support the imposition of conditions relating to CCTV and a plan of management.
 - d) **Transport for NSW**, which notes the recommendation for the licensee to view and consider the prevalence of alcohol-related road trauma in the local area and be aware of any specific alcohol related issues impacting the community. Transport for NSW does not object to the grant of the liquor licence and further requests that the licensee consider providing access to public education material that includes drink driving prevention and transport options.
 - e) **NSW Heath**, which cites no objection to the grant of the liquor licence noting the Applicant has agreed to some conditions already, such a ceasing sales of alcohol one hour prior to closing and further recommend an additional smoke drift assessment, due to the large gaming/smoking area that may result in exposure non-smoking guests including children.
24. The Authority has also had regard to the Applicant's response to the Police submission which notes consent to the recommended conditions. The Applicant further contends that the date on the liquor plan of management has an amended date with the addition of clauses relating to the minors area being partitioned off for functions and the monitoring of the bar area to restrict minors. The security condition requested by Police has also been incorporated into the plan of management.

In relation to the submission from Council, the Applicant notes that trading hours proposed are consistent with the development consent and has amended their response to the submission and consented to the trial period condition appropriately.

In relation to the Compliance submission, the Applicant notes the matters detailed in the due diligence report and contends these issues have been mitigated by undertakings within the gaming plan of management relating to an audit of gaming signage. The Applicant further notes the said manager has had a clean compliance record for over 10 years since.

In relation to the submission from Transport NSW, the Applicant consents to the liquor accord condition and contends the hotel will provide a public transport timetable for patrons to utilise. The Applicant has submitted security guards will monitor patrons including the congregation at nearby taxi ranks.

In relation to the submission from NSW Health, the Applicant notes that the development consent outlines the cessation of liquor one hour prior to close Monday to Saturday, and 30 minutes on Sunday with the provision of a take away alcohol service not being offered at the venue. The Applicant further notes the licence density and clustering increases have resulted from establishment of new low risk on-premises licences in the suburb and submits the instances of late-night assaults have decreased. The Applicant contends the screening of the smoking area will be in place and appropriate assessment will be conducted once operations have begun and notes a smoke drift assessment is not a matter for Liquor and Gaming NSW. Also noted in the plan of management is the reference to smoking not being permitted where food is served, or minors are present.

Findings of concern

25. The Authority notes that there may be a risk that if the Licence were to be granted, liquor sold at the Premises will, over time, contribute to an increase in alcohol-related crime, health and other social and amenity issues in the local and broader communities, and in other areas of the State.

Mitigating factors

26. The Authority is nevertheless satisfied that the risk is sufficiently mitigated by the following:

- a) No agency or public objections were received in respect to the application.
- b) There are low crime rates in both the suburb of Hurstville and the Georges River LGA for all categories the authority usually considers compared to the NSW average.
- c) The saturation of hotel liquor licences is lower in the Georges River LGA than in NSW.
- d) Health data describes the Georges River LGA as above average and suburb of Hurstville as average for socio-economic advantage and disadvantage.
- e) The rate of alcohol-attributable hospitalisations and deaths in the Georges River LGA are both lower than the NSW average.
- f) All liquor sales will cease 1 hour before closure on Monday to Saturday and 30 minutes before closure on Sunday.
- g) There will be no take-away alcohol sales from the venue.
- h) TAB or Keno will not be permitted at any time at the venue.
- i) The liquor plan of management details minors will not be permitted on the licensed premises after 10:00 PM daily.
- j) Other than the compliance notice issued in 2018, no other breaches or warnings have been recorded against the premises.
- k) The harm minimisation measures set out in the plan of management and licence conditions as set out in Schedule 1

CONCLUSION

27. Having considered the positive and negative social impacts that are likely to flow from granting the Licence, extended trading, minors area and minors function authorisations, the Authority is satisfied that the overall social impact of granting the Licence, extended trading, minors area and minors function authorisations would not be detrimental to the well-being of the local and broader communities.
28. The Authority is also satisfied that the other legislative criteria for the granting of the Licence have been met.
29. Accordingly, the Authority has decided to grant the Licence, extended trading, minors area and minors function authorisations under section 45 of the Act.

- (1C) Subsection (1B) applies to the following premises or part of premises—
 - a) if the primary purpose of the business carried on licensed premises to which a packaged liquor licence relates is the sale or supply of liquor for consumption away from the licensed premises—the licensed premises,
 - b) if the primary purpose of the business carried on licensed premises to which a packaged liquor licence relates is not the sale or supply of liquor for consumption away from the licensed premises—the part of the premises that is a liquor sales area (within the meaning of section 30) of the licensed premises,
 - c) if a hotel licence, club licence, on-premises licence or producer/wholesaler licence authorises the licensee to sell liquor for consumption away from the licensed premises—any part of the licensed premises to the extent that it is used for that purpose.
- (2) Any regulation that prescribes a shorter period for the purposes of subsection (1) may—
 - a) apply to a specified class of licensed premises, and
 - b) apply in relation to a specified day or days, and
 - c) in the case of licensed premises on which liquor may be sold or supplied for consumption on the premises as well as for consumption away from the premises—specify different periods for the sale or supply of liquor for consumption on the premises and for the sale or supply of liquor for consumption away from the premises.

- (3) Without limiting subsection (2)(a), a class of licensed premises may be specified by reference to licensed premises that are located in a particular area (however described).

14 Authorisation conferred by hotel licence

- (1) A hotel licence authorises the licensee to sell liquor by retail on the licensed premises for consumption on or away from the licensed premises.
- (2) **Trading hours for consumption on premises** The times when liquor may be sold for consumption on the licensed premises are as follows—
- during the standard trading period or at such other times as may be authorised by an extended trading authorisation,
 - on 31 December in any year (but without limiting the operation of any extended trading authorisation)—from the start of the standard trading period for that day until 2 am on the next succeeding day,
 - at any time on any day (including a restricted trading day) to a resident of the licensed premises or to a guest of such a resident while the guest is in the resident's company.
- (3) **Restricted trading days** Despite subsection (2)(a), the times when liquor may be sold for consumption on the licensed premises on a restricted trading day are as follows—
- between midnight and 5 am on that day (but only if authorised by an extended trading authorisation),
 - between noon and 10 pm on that day.
- (3A) In the case of Christmas Day, liquor must not be sold for consumption on the licensed premises between noon and 10 pm unless it is sold with or ancillary to a meal served in a dining area on the licensed premises.
- (4) **Trading hours for consumption away from premises** Liquor may be sold for consumption away from the licensed premises during the standard trading period or at such other times as may be authorised by an extended trading authorisation.
- (4A) An extended trading authorisation must not authorise the sale of liquor for consumption away from the licensed premises—
- on a Sunday that does not fall on 24 or 31 December—after 11 pm, and
 - on any other day—after midnight.
- (5) **No take-away sales on restricted trading days** However, the sale of liquor for consumption away from the licensed premises is not authorised on a restricted trading day.
- (6) **Functions on other premises** A hotel licence also authorises the licensee to sell liquor by retail for the purposes of a function to be held on such other premises as the Authority may, on application by the licensee, authorise, but only for consumption on those premises and at such times as may be specified by the Authority in the licence.

Note—

Section 51 applies to an authorisation referred to in this subsection.

15 Hotel licence—general provisions

- (1) The following provisions apply in relation to a hotel licence (***the hotel primary purpose test***)—
- except as provided by section 15A, the primary purpose of the business carried out on the licensed premises must at all times be the sale of liquor by retail,

- b) the keeping or operation of gaming machines (as authorised under the *Gaming Machines Act 2001*) on the licensed premises must not detract unduly from the character of the hotel or from the enjoyment of persons using the hotel otherwise than for the purposes of gambling.
- (2) The authorisation conferred by a hotel licence does not apply unless the hotel primary purpose test is complied with in relation to the licensed premises.
- (3) Any premises (other than the actual hotel) that are authorised by the Authority for the sale of liquor under a hotel licence are, for the purposes of this Act, taken to be part of the licensed premises to which the licence relates.

15A Cessation of liquor sales during trading hours

- (1) **Extended trading periods** A hotelier may, at any time during the period that an extended trading authorisation is in force in relation to the licensed premises—
 - a) cease to sell or supply liquor on the licensed premises, and
 - b) continue to provide, or make available, other services and facilities on the licensed premises (such as food and non-alcoholic beverages, entertainment and the use of the premises for conferences or meetings and for gambling activities that are otherwise permitted on the premises).
- (2) **Authority may approve of cessation of liquor sales during standard trading period** A hotelier may, at any time during the standard trading period—
 - a) cease to sell or supply liquor on the licensed premises, and
 - b) continue to provide, or make available, other services and facilities on the licensed premises (such as food and non-alcoholic beverages, entertainment and the use of the premises for conferences or meetings and for gambling activities that are otherwise permitted on the premises), but only with the approval of the Authority.
- (3) An application for the approval of the Authority under subsection (2) may be made by the hotelier concerned. Any such application must be accompanied by the fee prescribed by the regulations.
- (4) The Authority may give its approval only if it is satisfied that—
 - a) the operation of gaming machines on the licensed premises during the period to which the approval relates will not detract unduly from the character of the hotel, and
 - b) gambling activities on the licensed premises will be conducted in a responsible manner.
- (5) **Cessation of liquor sales during standard trading period without gambling activities** A hotelier may, at any time during the standard trading period—
 - a) cease to sell or supply liquor on the licensed premises, and
 - b) continue to provide, or make available, other services and facilities on the licensed premises (such as food and non-alcoholic beverages, entertainment and the use of the premises for conferences or meetings).

However, it is a condition of the licence that the licensed premises must not be used for the purposes of any gambling activities during any such time that liquor is not being sold or supplied unless an approval is in force under subsection (2) in relation to the licensed premises.

17 Hotel licence—miscellaneous conditions

- a) **Cash advances prohibited** A hotelier must not—

- i. provide a cash advance in the hotel, or
 - ii. permit a cash advance to be provided in the hotel on behalf of the hotelier, except as a prize or bonus won as a direct or indirect consequence of participating in a form of gambling that may lawfully be conducted on the licensed premises.
- (1) Hotels must be open to general public The business carried out under a hotel licence must not be, or include a business that is limited to the sale or supply of liquor only—
- a) to persons who have been invited to use or attend the hotel, or
 - b) to a particular class, or particular classes, of persons using or attending the hotel.
- (2A) To avoid doubt, subsection (2)—
- a) does not prevent a hotel being closed to the general public because it has been booked for a private function including, for example, a wedding or party, but
 - b) does not allow it to be closed to the general public for use as a members-only premises or club, or for other exclusive use on a recurrent basis.
- (1) Subsection (2) is subject to such exceptions as may be approved by the Authority on a temporary basis in relation to any particular hotel or to such other exceptions as may be prescribed by the regulations. Also, subsection (2) does not apply to the extent that is necessary to comply with any other provision of this Act or with any other law.
- (2) **Food must be made available** Liquor may only be sold or supplied in a hotel if food of a nature consistent with the responsible sale, supply and service of alcohol is made available whenever liquor is sold or supplied on the premises for consumption on the premises. If any requirements are prescribed by the regulations in relation to the nature of any such food, those requirements must be complied with.
- (3) **Prohibition on residents and employees drinking liquor in bar area outside trading hours** Liquor may not be sold or supplied to, or consumed by, a resident or an employee of the licensee in a bar area of the hotel except at the time when liquor is authorised to be sold or supplied to other persons in that or any other bar area of the hotel. This subsection has effect despite any other provision of this Act but is subject to subsection (6).
- (4) The Authority may, on application by a hotelier, authorise the use of a bar area of the hotel for the sale, supply or consumption of liquor exclusively to, or by, residents at a time when liquor may not otherwise be sold or supplied in a bar area of the hotel.

Note—

Section 51 applies to an authorisation referred to in this subsection.

 - b) a person who is disqualified from holding a licence or who holds a suspended licence, or
 - c) an individual who is a controlled member of a declared organisation within the meaning of the Crimes (Criminal Organisations Control) Act 2012.

- (4) An application for a licence must:
- a) be in the form and manner approved by the Authority, and
 - b) be accompanied by the fee prescribed by the regulations and such information and particulars as may be prescribed by the regulations, and

 - d) comply with such other requirements as may be approved by the Authority or prescribed by the regulations.

Note. See also section 48 which requires a community impact statement to be provided with certain licence applications.

- (5) If, before an application for a licence is determined by the Authority, a change occurs in the information provided in, or in connection with, the application (including any information provided in accordance with this subsection), the applicant must immediately notify the Authority of the particulars of the change.

44 Submissions to Authority in relation to licence applications

- (1) Any person may, subject to and in accordance with the regulations, make a submission to the Authority in relation to an application for a licence.
- (2) If any such submission is made to the Authority, the Authority is to take the submission into consideration before deciding whether or not to grant the licence.

45 Decision of Authority in relation to licence applications

- (1) The Authority may, after considering an application for a licence and any submissions received by the Authority in relation to the application, grant the licence or refuse to grant the licence. The Authority may determine the application whether or not the Secretary has provided a report in relation to the application.
- (2) The Authority may, in such circumstances as the Authority considers appropriate, treat an application for a licence as having been withdrawn.
- (3) The Authority must not grant a licence unless the Authority is satisfied that:
 - a) the applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates, and
 - b) practices will be in place at the licensed premises as soon as the licence is granted that ensure, as far as reasonably practicable, that liquor is sold, supplied or served responsibly on the premises and that all reasonable steps are taken to prevent intoxication on the premises, and that those practices will remain in place, and
 - c) if development consent is required under the Environmental Planning and Assessment Act 1979 (or approval under Part 3A or Part 5.1 of that Act is required) to use the premises for the purposes of the business or activity to which the proposed licence relates—that development consent or approval is in force.

Note. Section 48 also requires the Authority to be satisfied of certain other matters before granting a hotel, club or packaged liquor licence.

- (4) The regulations may also provide mandatory or discretionary grounds for refusing the granting of a licence.

- (5) Without limiting subsection (3) (a), a person is not a fit and proper person to carry on the business or activity to which a proposed licence relates if the Authority has reasonable grounds to believe from information provided by the Commissioner of Police in relation to the person:
- a) that the person:
 - i. is a member of, or
 - ii. is a close associate of, or
 - iii. regularly associates with one or more members of, a declared organisation within the meaning of the Crimes (Criminal Organisations Control) Act 2012, and
 - b) that the nature and circumstances of the person's relationship with the organisation or its members are such that it could reasonably be inferred that improper conduct that would further the criminal activities of the declared organisation is likely to occur if the person is granted a licence.
- (5A) Without limiting subsection (3) (a), in determining whether an applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates, the Authority is to consider whether the applicant:
- a) is of good repute, having regard to character, honesty and integrity, and
 - b) is competent to carry on that business or activity.
- (6) The Authority is not, under this or any other Act or law, required to give any reasons for not granting a licence because of subsection (5) to the extent that the giving of those reasons would disclose any criminal intelligence.
- (7) In deciding whether or not to grant a licence, the Authority must consider whether, if the licence were granted, it would provide employment in, or other opportunities for, any of the following—
- a) the live music industry,
 - b) the arts sector,
 - c) the tourism sector,
 - d) the community or cultural sector.

48 Community impact

- (1) The object of this section is to facilitate the consideration by the Authority of the impact that the granting of certain licences, authorisations or approvals will have on the local community, in particular by providing a process in which the Authority is made aware of:
- a) the views of the local community, and
 - b) the results of any discussions between the applicant and the local community about the issues and concerns that the local community may have in relation to the application.
 - c) whether the granting of the application would provide employment in, or other opportunities for, any of the
 - d) following—

- g) any other application of a kind prescribed by the regulations or made in such circumstances as may be prescribed by the regulations,

but does not include any application for an extended trading authorisation in relation to a special occasion (as referred to in section 49 (5) (b) or (5A) or 49A (3) (b)).

(3) A relevant application must be accompanied by a community impact statement.

(3A) However, a small bar application is not required to be accompanied by a community impact statement if:

- a) development consent is required under the Environmental Planning and Assessment Act 1979 to use the premises to which the application relates as a small bar or to sell liquor during the times to which the application relates, and
- b) the local police and the Secretary are, no more than 2 working days after the application for the required development consent, or any variation to that application, is made, notified by the applicant of the making of the application for development consent or of the variation to that application.

(3B) For the purposes of subsection (3A), a **small bar application** means any of the following:

 - b) the application is made in respect of club premises that have unrestricted trading hours in accordance with clause 94 of Schedule 2 to the Registered Clubs Act 1976.
- (4) The community impact statement must:
- a) be prepared in accordance with the regulations and any requirements of the Authority, and
 - b) be in the form approved by the Authority.
- (5) The Authority must not grant a licence, authorisation or approval to which a relevant application relates unless the Authority is satisfied, after having regard to:
- a) the community impact statement provided with the application, and
 - (a1) any published cumulative impact assessment that applies to the area in which the premises the subject of the application are located, and
 - b) any other matter the Authority is made aware of during the application process (such as by way of reports or submissions),
 - c) that the overall social impact of the licence, authorisation or approval being granted will not be detrimental to the well-being of the local or broader community.
- (6) The regulations may make provision for or with respect to the following:
